

## Roll, Justice, Roll

from Health Care Justice--NC. <https://healthcarejusticenc.org>

Zach Thomas, songwriter & producer

George Bohmfalk, MD-lyrics

I wanna see justice, I wanna see justice,  
I wanna see justice, I wanna see justice,  
I wanna see justice, like water roll.

Now women can get the care we need,  
That's shamefully unfair,  
But we won't suffer this catastrophe  
When we all have Medicare

Let's tell our representatives,  
Write them, tweet them, call,  
That we'll stand by them all the way  
To support Medicare for All.

Roll, justice, roll; roll, justice, roll  
I wanna see, o my soul,  
Justice, like water, roll.  
Roll, justice, roll.

Oh, health care is a human right.  
That's a fundamental rule.  
Healthy folks show up to vote,  
Get a job, and go to school.

But if health care is a thing to sell,  
Sick folk are out of luck.  
'Cause Wall Street ain't gonna make you well,  
They just want to make a buck.

Oh, like the mighty waters roll  
From the mountain to the sea.  
Let Justice roll for rich and poor,  
And folks like you and me.

Let's wave our flag for democracy,  
Where no one is above the law,  
Where truth will set Americans free  
To share health care for all.

Roll, justice, roll, O-O-O,  
Roll, justice, roll  
I want to see, O my soul,  
I wanna see justice, I wanna see justice  
I wanna see justice, I wanna see justice  
I wanna see justice, I wanna see justice  
Like water roll.  
Like water roll.  
<Chorus>
